

Supporting the Learning of Learners with Healthcare Needs

Associated documents
Equality Act 2010 Disability Discrimination Act 2005 Additional Learning Needs Code for Wales Supporting Healthcare Needs – WG Guidance Joint Council for Qualifications AAE Guidance

Aims

Castle Park Primary School is committed to ensuring that all our learners, including those with healthcare needs, are fully supported in accordance with our legal responsibilities and statutory duties. A cooperative and proactive approach to providing effective and individual support is promoted.

Castle Park Primary School has arrangements in place as outlined in this policy to focus on meeting the needs specific to the learner and consider how this impacts on their education, attainment and wellbeing. The school is committed to ensuring arrangements support learners and minimise disruption or barriers to their education. Arrangements will also consider any wider safeguarding duties while seeking to ensure all learners can access and enjoy the same opportunities, where safe to do so. Where possible, the school is committed to supporting the learner to build understanding and confidence to increasingly self-manage healthcare needs, depending on their ability to do so.

This policy links directly to Local Authority and Welsh Government guidance.

Roles and Responsibilities

The Governing Bodies will oversee the development and implementation of arrangements including:

- ★ complying with statutory duties
- ★ promoting the wellbeing of learners
- ★ supporting learners to uphold their rights
- ★ ensuring a clear understanding of roles and responsibilities
- ★ working collaboratively to meet the needs of the learner
- ★ developing Individual Healthcare Plans (IHPs) and monitoring and reviewing arrangements ([Appendix 3-5](#))
- ★ ensuring a policy is in place which covers emergency situations ([Appendix 1](#))
- ★ ensuring appropriate training is available;
- ★ ensuring appropriate insurance is in place

The Head Teacher and Senior Leadership Team will ensure arrangements are developed and effectively implemented including:

- ★ working with the governing body to ensure compliance
- ★ ensuring the school has a relevant policy
- ★ ensuring there is a clearly understood process of communication
- ★ ensuring robust processes for record keeping
- ★ clear emergency arrangements are in place ([Appendix 1](#))
- ★ clear monitoring arrangements are in place
- ★ there is a key member of staff with responsibility for learners with healthcare needs
- ★ ensuring appropriate training is in place ([Appendix 6](#))

- ★ discuss responsibility for Individual Healthcare Plans (IHP) with partners i.e. Health to determine the most appropriate lead (Appendix 3-5)
- ★ ensure appropriate environment is available (for example in relation to toileting)
- ★ ensuring appropriate dialogue with the LA in relation to insurance
- ★ ensuring annual reports to Governors regarding arrangements in place
- ★ ensuring learners are included in activities unless there is a clear evidenced based reason to the contrary.

Teachers and support staff will receive relevant training (from LA and Healthcare professionals as required) and ensure they:

- ★ understand the policies and procedures in place in the setting
- ★ understand and follow communication protocols
- ★ are aware of learners with more chronic needs and those with IHPs
- ★ are aware of what to do in an emergency, the schools emergency procedures, and be aware of the signs of common life-threatening emergencies
- ★ listen to the views of learners and parents when putting support in place
- ★ ensure learners know who to tell if they feel unwell
- ★ ensure learners are not excluded from activities
- ★ be aware of the impact of healthcare needs on learning and wellbeing
- ★ keep parents informed of any impact of the learners' healthcare needs

Parents and learners will:

- ★ receive updates regarding healthcare issues/changes that occur within the education setting
- ★ be involved in the creation, development and review of an IHP (if required) this will include health professionals
- ★ provide the education setting with sufficient and up-to-date information about healthcare needs, including any guidance regarding the administration of medicines and/or treatment from healthcare professionals. (see Appendices)
- ★ where appropriate, learners should be encouraged and enabled to manage their own healthcare needs
- ★ inform the education setting of any changes such as type of medication, dosage or method of administration
- ★ provide relevant in-date medicines (monitoring and providing new medication as required), correctly labelled, with written dosage and administration instructions
- ★ ensure a nominated adult is contactable at all times and all necessary forms are completed and signed
- ★ inform the education setting if their child has/had an infectious disease or condition while in attendance

Accessibility

Castle Park Primary School will ensure that all learners are supported to participate in trips and visits, structured and unstructured social activities, such as breaks, breakfast club, productions, after-hours clubs and residential visits. Dietary requirements of learners with healthcare needs are considered as necessary. Risk assessments and accessibility plans are in place for all learners as appropriate.

(See Equalities Act 2010 and School's Individual Strategic Equality Plan)

(See the Equality Act 2010 (Statutory Duties) (Wales) Regulations 2011 S.I.2011/1064).
gov.wales/topics/people-and-communities/equality-diversity

Information Sharing

Castle Park Primary School will ensure that all information is kept up to date and there is a clear information sharing protocol in place agreed / signed by parents and the learner. Teachers, supply teachers and support staff (this may include catering staff and relevant contractors) should have access to the relevant information, particularly if there is a possibility of an emergency situation arising.

- ★ A register of learners with high-risk medical needs is shared with all staff through the secure staff-share area and displayed in the staffroom. Further information on high-risk health needs is located on the learner profile within our School Information Management System, this includes emergency procedures in place.
- ★ A register of First Aid trained staff is maintained by the headteacher with the date of qualification and renewal requirement date.
- ★ We use staff meetings, the bulletin and email to help ensure staff are aware of the healthcare needs of learners they have or may have contact with.
- ★ If a learner has said they feel ill, appropriate staff are made aware; e.g. a learner had an asthma attack in the morning, all other staff the learner would see later that day are made aware to look out for any signs of deterioration/further illness. This could include non-teaching staff such as lunchtime staff or administration support staff, where appropriate.
- ★ We make the Healthcare Needs Policy easily available and accessible, online, and in a hard copy when requested.
- ★ We provide the learner/parents with a copy of our information sharing policy. This should state the type of bodies and individuals with whom the learner's medical information may be shared.
- ★ We ask parents to sign a consent form which clearly details the bodies, individuals and methods through which their learner's medical information will be shared. Sharing medical information can be a sensitive issue and the learner should be involved in any decisions.
- ★ We include learner councils, 'healthy schools' and other learner groups in the development of the setting's healthcare needs arrangements, where appropriate.
- ★ We consider how peers may be able to assist learners, e.g. they could be taught the triggers or signs of issues for a learner, know what to do in an emergency and who to ask for help. (This would be discussed with the learner and parents first to decide if and which information can be shared.). It is important in all of these cases that peer support is not used as a means to take responsibility for a learner with a healthcare need.
- ★ We will ensure that our learners (or their peers) know who to tell if they feel ill, need support or changes to support them.

- ★ We will listen to concerns of learners' (or their peers) if they feel ill at **any** point and consider the need for medical assistance (especially in the case of reported breathing difficulties).

Procedures and Record Keeping

Castle Park Primary School collects and maintains the following as appropriate:

- ★ Contact details for emergency services
- ★ Parental agreement for educational setting to administer prescribed medicine ([Appendix 2](#))
- ★ Senior Leadership of educational setting agreement to administer prescribed medicine ([Appendix 2](#))
- ★ Record of medicine stored for and administered to an individual learner ([Appendix 7](#))
- ★ Request for learner to administer own medicine
- ★ Staff training record – administration of medicines ([Appendix 6](#))
- ★ Storage of medication will be in locked cupboards located around the school for administration of medication

Information can be found in the Appendices

Storage, Access and Administration

All medicines are stored securely and safely. Castle Park Primary School does not store surplus medication. Medicines should be in their original dispensed container, labelled with the name of the learner, medicine name, dosage and frequency, and expiry date. Castle Park Primary School only accepts prescribed medicines and devices. It is essential that medication is presented in its original container (bottle, packaging) with the original visible and intact label; any medication which does not present as being in the original prescribed form cannot be administered by school staff. On these occasions, parents will be contacted to collect the medication and determine whether they personally administer the medication. Over the counter medication will not be administered or stored by school staff. Learners will know where their medication is stored. Administration of medication for any learners under the age of 16 requires parental consent.

Emergency Procedures

All staff including temporary staff are aware of medical conditions and understand their duty in an emergency.

Where a learner has an IHP, this will clearly define what constitutes an emergency and explain what to do. Staff should be made aware of emergency symptoms and procedures through a Medical Care Plan. Where there is no IHP or where there is no diagnosis, regular first aid will be administered.

All staff know what action to take in an emergency and receive updates annually, as a minimum, through the staff professional learning at the start of each academic year. If a learner needs to attend hospital a member of staff will stay with them until the parent / carer arrives or accompany a child taken to hospital in an ambulance. Staff will not take learners to hospital in their own car; parents / emergency contacts will be contacted, alongside the emergency services.

Training

Training provided will ensure staff are competent, have confidence in their ability to support learners and fulfil the content of an IHP. We keep a training log to ensure we are up to date with all requirements.

Castle Park Primary School will run frequent First Aid Training (organised by the Headteacher) to ensure an appropriate number of staff are trained. Further training on individualised conditions will be organised based on learner need by the Headteacher, alongside the ALNCo or SRB Lead Teacher.

Qualifications and Assessments

- ★ Adjustments, adaptations or additional time for learners taking the National Reading and Numeracy Tests should be based on normal classroom practice for particular needs.
- ★ Teachers are expected to use their professional judgement to support learners. Guidance is provided in the current National Reading and Numeracy Tests – Test administration handbook and at:

[AA regs 22-23 FINAL.pdf \(jcq.org.uk\)](#)

EOTAS

- ★ In the case of a short absence from school (less than 15 days), we will provide work to be completed at home, if the learner's condition permits, and will support the learner to catch up on their return.
- ★ In the eventuality that a learner is absent for more than 15 days (consecutive or cumulative) we will work with the Local Authority and Health Professionals to ensure the needs of the learner are met.

Integration

At Castle Park Primary School, we recognise that we have a key role to play in the successful integration after diagnosis or reintegration of learners with healthcare needs. We will be proactive and work with health professionals and the Local Authority as appropriate, as well as other learners in supporting the transition. We will train staff in a timely manner to assist the learner's return. The support will be considered by key parties including the learner and parent/carer, and will be reflected in the learner's IHP.

When a learner is discharged from hospital appropriate information should be provided to parent/carers which should be shared with us. We will work with the parent/carer and the relevant health professionals to manage the learners return. We will work with the Local Authority to follow up with the learner after reintegration.

Monitoring and Review

All policies arrangements, and procedures are reviewed regularly. This will be annually or more often where there are changes to the medical condition. IHPs are reviewed in line with the healthcare need and relevant medial guidance.

Complaints

Complaints can be made in line with the school's Complaints Policy and details can be found on **our school website**.

Unacceptable Practice

We will ensure that staff are made aware of this by bringing the policy to the attention of all staff and Governors on an annual basis.

(Please see the 'Unacceptable Practice' section in the Welsh Government's 'Supporting Learners with Healthcare Needs' statutory guidance: <http://learning.gov.wales/resources/browse-all/supporting-learners-with-healthcare-needs/?lang=en>) ***Additional Guidance is available in the Welsh Government publication as above***

Contacting Emergency Services

Request for an Ambulance

The ambulance request must come from the location of the injured / unwell person and the first aider supporting. Dial **999**, ask for an ambulance, and be ready with the following information where possible.

1. State your telephone number

01291 429465

2. Give your location as follows

Castle Park Primary School, Church Road, Caldicot,

3. State that the postcode is

NP26 4HN

4. Give the exact location in the education setting – entry point, floor and room

5. Give your name.

6. Give the name of the learner and a brief description of symptoms.

7. Inform Ambulance Control of the **best entrance** and state that the crew will be met and taken to Main Reception

Car Park gate on Llanthony Close, NP26 4LU

8. Don't hang up until the information has been repeated back.

Speak clearly and slowly and be ready to repeat information if asked to.

Ensure Reception are aware that an ambulance has been called and the location of the injured person.

Consent for Prescribed Medication

PARENT/CARER CONSENT FOR SCHOOL TO ADMINISTER PRESCRIBED MEDICATION TO A LEARNER

- Our school **will not give** your child medication unless you complete and sign this form.
- If more than one medication is to be given, a separate form should be completed for each one.
- A new form must be completed when dosage changes are made.
- Where medication is prescribed to be taken in frequencies which allow the daily course of medicine to be administered at home, parents should seek to do so, e.g. before and after school and in the evening. (However we understand there will be instances where this is not appropriate.)
- Parents/carers will be informed as stated in the school policy when a child refuses their medication or when emergency medication is administered.
- Parents/carers can request sight of records.
- Without exception learners must not share their medication for any reason with another learner.

Name of child	
Date of birth	
Class / form	
Healthcare need	
Routine or emergency medication	
Medicine	
Note: medication must be in the original sealed container if dispensed by the pharmacy.	
Name, type and strength of medicine (<i>as described on the container</i>)	
Date dispensed	
Expiry date	
Dose and frequency of medication	
Method of administration	
Timing of medication	
Duration of treatment	
Special precautions	

Special requirements for administering medication e.g. two staff present, same gender as learner.	
Storage requirements	
Who will deliver the medication to school and how frequently?	
Who will receive the medication?	
Does treatment of the medical condition affect behaviour or concentration?	
Are there any side effects that the school needs to know about?	
Is there any medication that is being administered outside of school day that we need to know about? Are there any side effects that we should be aware of?	
Any other instructions	
Learner to self-administer medication under supervision from a stored location	Yes / No (please circle) <i>If yes, learner must also sign declaration*</i>
Learner to carry and self-administer medication	Yes / No (please circle) <i>If yes, learner must also sign declaration*</i>
Procedures to take in an emergency	
If the school has an emergency inhaler- If your child is prescribed an inhaler have you given consent for your child to use a school emergency inhaler on a separate consent form?	Yes / No (please circle)
Agreed review date	<i>To be completed with the school</i>
Name of member of staff responsible for the review	<i>To be completed with the school</i>
INDIVIDUAL HEALTHCARE PLANS (IHP)	
Healthcare Plan from health professional attached if appropriate	Yes / No (please circle)
IHP created by school attached if appropriate (appendix 3)	Yes / No (please circle)
Guidelines provided by health attached if appropriate e.g. patient information sheet	Yes / No (please circle)
Review date of the above	
Contact details	Contact 1 Contact 2
Name	
Daytime telephone number	

Relationship to the child		
Address		
Post Code		
In the best interests of the learner the school might need to share information with school staff and other professionals about your child's healthcare needs e.g. nursing staff. Do you consent to this information being shared?	Yes / No (please circle)	
<ul style="list-style-type: none"> • I have read and agree to the school giving medication in accordance with the school policy. I understand my parental/carer obligations under the Welsh Government guidelines (http://learning.gov.wales/resources/browse-all/supporting-learners-with-healthcare-needs/?skip=1&lang=en). • The above information is, to the best of my knowledge, accurate at the time of writing and I give consent to school staff to administer the medicine in accordance with the information given above and the school policy. • I will inform school of any new information from health professionals in regard to my child, e.g. if there are any changes in dosage or frequency or if it is stopped. I will ensure that this is in writing from the health professional. • I understand that it is my responsibility to replenish the medication supply in the school and collect expired or unused medication. • Where correct medication is not readily available on a given day and places the child at risk, the head teacher has the right to refuse to admit my child into the school until said medication is provided. • It is my responsibility to provide in-date medication which is correctly labelled. • I consent for the information in the form to be shared with health professionals/emergency care. • If my child has received any emergency medication prior to school, I will inform the head teacher/delegated member of the school staff before school starts.

HEADTEACHER/DELEGATED PERSONS AGREEMENT TO ADMINISTER MEDICATION

It is agreed that *<insert child's name>* _____ will receive *<insert name and quantity of medication>* _____ at *<insert time medicine is to be administered>* _____

(Name of learner) _____ will be given their medication / supervised while they take their medication by *<insert name of member of staff>* _____

This arrangement will continue until (e.g. either end date if course of medication or until instructed by parents/carers) _____

Name (head teacher/delegated person): _____

Signed: _____ Date: _____

- Individual Healthcare Plan in place; OR
- Individual Healthcare Plan not required

Castle Park Primary School

Appendix 3 – IHP Template

Individual Healthcare Plan (IHP)

Purpose of an IHP

- ★ IHPs set out what support is required by a learner. They do not need to be long or complicated.
- ★ Our school will ensure our healthcare needs policy include information on who has overall responsibility for the development of the IHPs.
- ★ IHPs are essential where healthcare needs are complex, fluctuating, long term or where there is a high risk that an emergency intervention will be needed.
- ★ However, not all learners with healthcare needs require an IHP and there should be a process in place to decide what interventions are most appropriate.

When an IHP is appropriate

In most cases, especially concerning short-term illnesses such as those requiring a course of antibiotics, a detailed IHP may not be necessary. In such circumstances it may be sufficient to only complete the form in see **Appendix 2**.

In such circumstances it may be sufficient to record the name of prescribed medication, dosage, time administered and any possible side effects. These procedures should be confirmed in writing between the learner (where appropriate), the parents and the education setting.

However, when a learner has continual or episodic healthcare needs, then an IHP may be required. If these needs are complex and the learner is changing settings, then preparation should start early to help ensure the IHP is in place at the start of the new term.

Links to IHP templates for specific medical conditions:

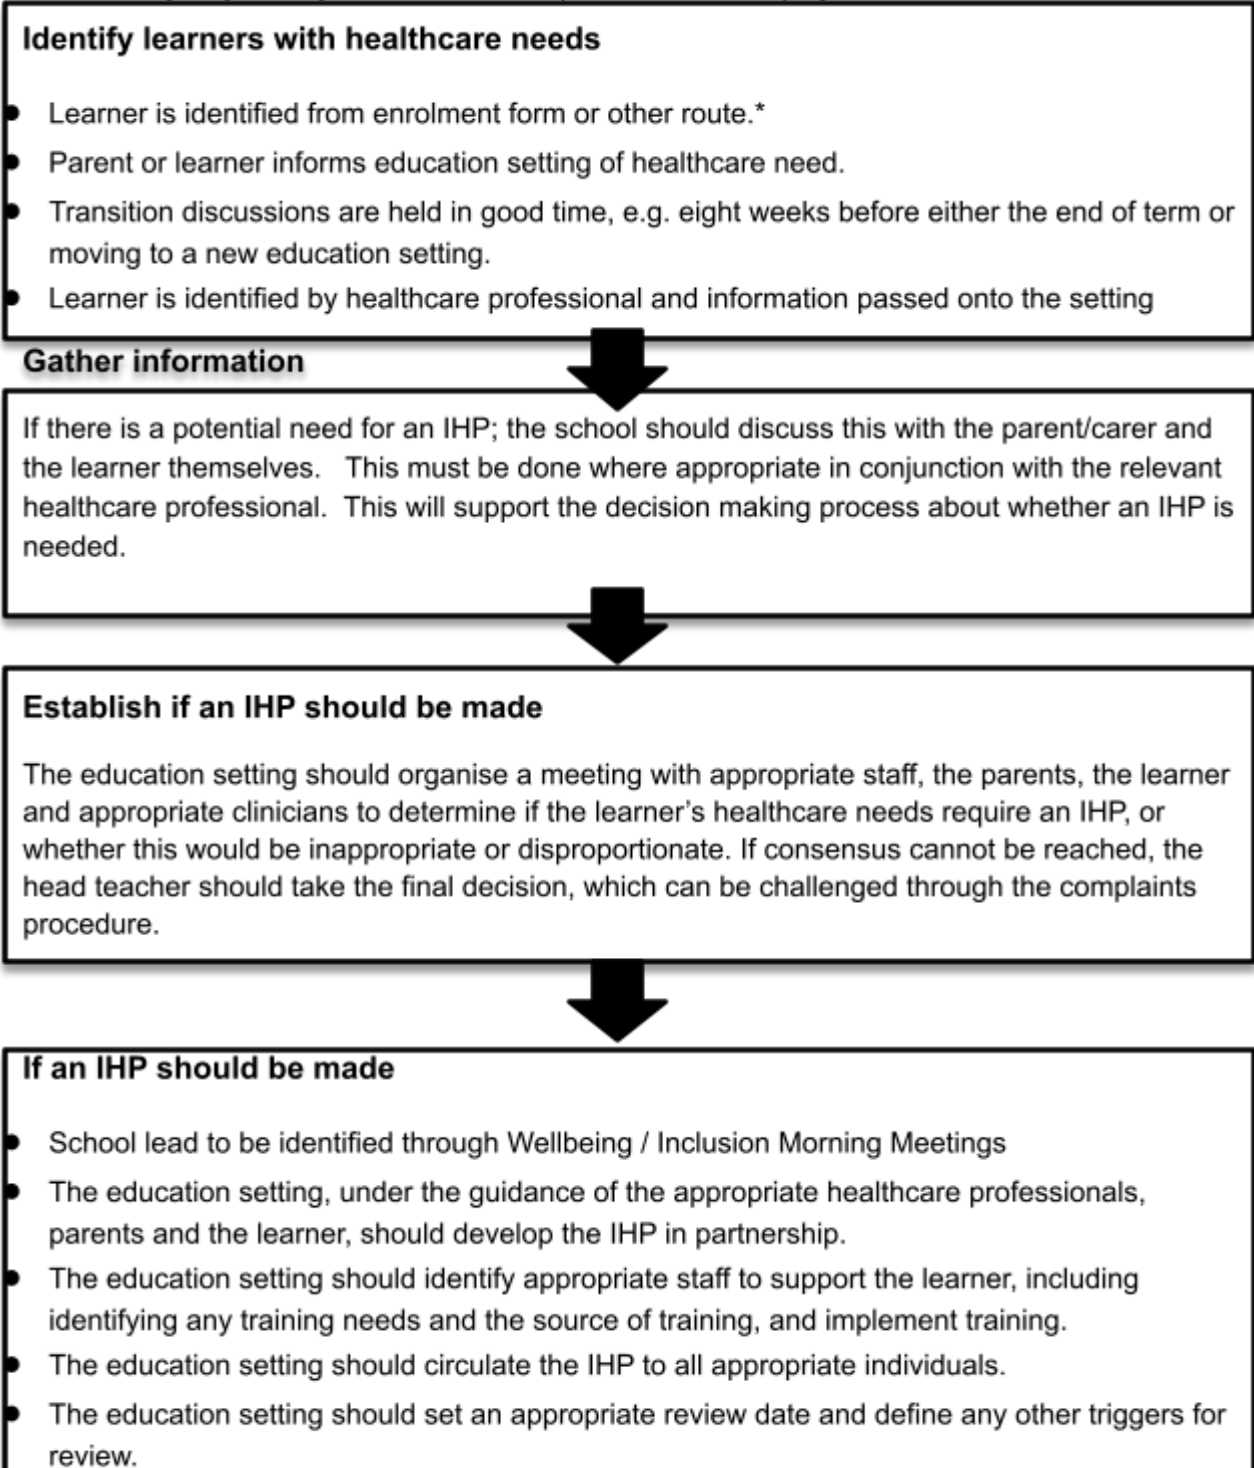

- ★ <http://medicalconditionsatschool.org.uk/>
- ★ Many third sector organisations have produced condition-specific template IHPs that could be used e.g. Asthma UK <https://www.asthma.org.uk/advice/child/manage/action-plan/> or Diabetes UK <https://www.diabetes.org.uk/Guide-to-diabetes/Your-child-and-diabetes/Schools/IHP-a-child-s-individual-healthcare-plan/>
- ★ Where a learner has an additional educational need (ALN) the IHP will be linked or attached to any individual development plan (IDP).
- ★ Many third sector organisations have produced condition-specific template IHPs that could be used e.g. Asthma UK <https://www.asthma.org.uk/advice/child/manage/action-plan/> or Diabetes UK <https://www.diabetes.org.uk/Guide-to-diabetes/Your-child-and-diabetes/Schools/IHP-a-child-s-individual-healthcare-plan/>
- ★ Where a learner has an additional educational need (ALN) the IHP will be linked or attached to any individual development plan (IDP)

- ★ A personal evacuation plan and risk assessment may also be attached
- ★ The governing body will ensure that all IHPs **are reviewed at least annually** or more frequently should the IHP state otherwise or should there be new evidence that the needs of the learner have changed.
- ★ Our Governing body will ensure that healthcare needs arrangements, both wider education settings' policies and IHPs, are supported by clear communication with staff, parents and other key stakeholders to ensure full implementation. It is essential that all information is kept up to date. All information-sharing techniques such as staff noticeboards and school intranets must be agreed by the learner and parent in advance of being used, to protect confidentiality.
- ★ We are compliant in line with the Data Protection Act 1998 and the WASPI Information Sharing Policy (www.waspi.org)
- ★ Our managing healthcare needs policy and the information sharing policy is made available to parents/carers via our school website – <https://www.castleparkprimary.co.uk>

IHP Requirement

The following diagram (figure 1) outlines the process for identifying whether an IHP is needed

Individual Healthcare Plan (IHP)

Please note: this is a very comprehensive IHP. Not all sections will be applicable. The school only needs to use the sections that are relevant and helpful to the care of the learner.

If health professionals have already provided their own health care plan, the school might not need to create an IHP as long as the one from the health professional covers all the information that the school needs.

1. LEARNER INFORMATION

1.1 Learner details

Learner's name:	
Date of birth:	
Year group:	
Nursery/School/College:	
Address:	
Town:	
Postcode:	
Medical condition(s): <i>Give a brief description of the medical condition(s) including description of signs, symptoms, triggers, behaviours.</i>	
Allergies:	
Date:	
Document to be updated/reviewed:	
Review triggers:	

1.2 Family contact information

Name:			
Relationship:			
Home phone number:			
Mobile phone number:			
Work phone number:			
Email:			

1.3 Essential information concerning this learners' health needs

	Name	Contact details
Specialist nurse (if applicable):		
Key worker:		
Consultant paediatrician (if applicable):		
GP:		
Head teacher:		
Link person in education:		
Class teacher:		

Health visitor/ school nurse:		
ALNco:		
Other relevant teaching staff:		
Other relevant non-teaching staff:		
Person with overall responsibility for implementing plan:		
Person responsible for administering/supervising medication:		
Arrangements for cover in these two peoples absence:		
Any provider of alternate provision:		

This learner has the following medical condition(s) requiring the following treatment.	
Medication administration	Please complete parent/carer agreement for school to administer medication form (appendix 2) and attach to this IHP.

1.4 Sharing information and record keeping

In the best interests of the learner the school might need to share information with school staff and other professionals about your child's healthcare needs e.g. nursing staff. Do you consent to this information being shared?	Yes / No (please circle)
What records will be kept about the learner's healthcare needs, and how it will be communicated with others?	

2. ROUTINE MONITORING (IF APPLICABLE)

Some medical conditions will require monitoring to help manage the learner's condition.

What monitoring is required?	
When does it need to be done?	
Does it need any equipment?	
How is it done?	
Is there a target? If so what is the target?	

3. EMERGENCY SITUATIONS

An emergency situation occurs whenever a learner needs urgent treatment to deal with their condition.

What is considered an emergency situation?	
What are the symptoms?	
What are the triggers?	
What action must be taken?	
Are there any follow up actions (e.g. tests or rest) that are required?	

4. IMPACT OF MEDICAL CONDITION AND MEDICATION ON LEARNER'S LEARNING

(Impact statement to be jointly produced by health professional and a teacher)

How does the learner's medical condition or treatment affect learning? <i>i.e. memory, processing speed, coordination etc.</i>	
Actions to mitigate these effects	
Does the learner require any further assessment of their learning?	

5. IMPACT ON LEARNER'S LEARNING and CARE AT MEAL TIMES

	Time	Note
Arrive at school		
Morning break		
Lunch		
Afternoon break		
School finish		
After school club (if applicable)		
Other		

Please refer to home-school communication diary

Please refer to school planner

6. CARE AT MEAL TIMES

What care is needed?	
When should this care be provided?	
How's it given?	
If it's medication, how much is needed?	
Any other special care required?	

7. PHYSICAL ACTIVITY

Are there any physical restrictions caused by the medical condition(s)?	
Is any extra care needed for physical activity?	
Actions before exercise	
Actions during exercise	
Actions after exercise	

8. TRIPS AND ACTIVITIES AWAY FROM SCHOOL

What care needs to take place?	
When does it need to take place?	
If needed, is there somewhere for care to take place?	
Who will look after medication and equipment?	
Who outside of the school needs to be informed?	
Who will take overall responsibility for the learner on the trip?	

9. SCHOOL ENVIRONMENT

Can the school environment affect the learner's medical condition?	
How does the school environment affect the learner's medical condition?	
What changes can the school make to deal with these issues?	
Location of school medical room	

10. EDUCATIONAL, SOCIAL & EMOTIONAL NEEDS

Learners with medical conditions may have to attend clinic appointments to review their condition. These appointments may require a full day's absence and should not count towards a learner's attendance record.

Is the learner likely to need time off because of their condition?	
What is the process for catching up on missed work caused by absences?	
Does this learner require extra time for keeping up with work?	
Does this learner require any additional support in lessons? If so what?	
Is there a situation where the learner will need to leave the classroom?	
Does this learner require rest periods?	
Does this learner require any emotional support?	
Does this learner have a 'buddy' e.g. help carrying bags to and from lessons?	

11. STAFF TRAINING

Governing bodies are responsible for making sure staff have received appropriate training to look after a learner with regard to healthcare administration, aids and adaptive technologies. School staff should be released to attend any necessary training sessions it is agreed they need.

What training is required?	
Who needs to be trained?	
Has the training been completed?	
Head teacher/delegated person signature	

12. TRANSPORT TO SCHOOL

What arrangements have been put in place?	
Who will meet the learner in school?	

13. PERSONAL CARE

For learners requiring intimate care as part of their IHP, please refer to the schools intimate care policy.

What arrangements have been put in place in relation to any personal care needs across the school day?	
--	--

14. PLEASE USE THIS SECTION FOR ANY ADDITIONAL INFORMATION FOR THE LEARNER.

--

We suggest the following are stored together:

- IHP from health
- Medication consent form (if applicable)
- IDP
- One page profile
- Risk assessment
- Personal evacuation plan

15. SIGNATURES

	Name	Signature	Date
Head teacher/delegated person			
Young person			
Parents/ carer			
Health professional
